Upcoming!

Month Theme- Wilderness

Survival!

Early man practiced wilderness survival because he had to. We practice it today because it is a challenge and because even today we might confront a situation requiring knowledge of survival techniques in the wild.

Assateague National Park!

We are camping at Assateague 11-13 November. Details are forthcoming but for planning we will meet at the trailer at 5pm Friday afternoon and will return early Sunday afternoon. We will stop for a fast food dinner Friday. Plan to bring bikes on this outing!

District Youth Leader Training!

We had five boys and one adult attend leader training at Camp Westmar near Cunningham Falls. This kind of training gives boys and adult leaders a great foundation for leadership in their lives.
